RECRUITMENT FOR SCIENTIST POSITIONS

National Centre for Cell Science (NCCS) is an autonomous institution of the Department of Biotechnology, Ministry of Science & Technology, Government of India. NCCS is engaged in cutting-edge research in diverse areas of cell biology that address challenging questions about human health, especially those related to cancer, metabolic disorders and infectious diseases, functioning of the immune system; regeneration of bone and other tissues; gut microorganisms associated with health and disease; neurobiology of memory and diseases like Down syndrome; stem cell biology, etc., through a multi-disciplinary approach. It also serves as a national cell repository, and contributes to human resource development through various teaching & training programmes.

The Centre invites applications from suitably qualified, dynamic, and result-oriented candidates to fill up scientist positions on direct recruitment basis. Further details are available on the NCCS website: <http://www.nccs.res.in/index.php/Careers/Faculty>. The cut off for review for applications shall be 31st March, 30th June, 30th September and 31st December of the year till, the available positions are filled in.
