Sr.No	Services	External (Govt. Institutes/ Academic/Universities/ Non profit making organisations/Start-up)	External (Non-Govt./Private/Pharmaceutical Industry/ Company)
	Services	User fee	User fee
1	Dissection & Organ collection	600	900
2	Ear Biopsy/Ear Punch Marking (Mouse/Rat)	100	200
3	IP/SC injection, topical application, and oral gavage (Mouse)	200	300
4	IP/SC injection, topical application and oral gavage (Rat)	400	600
5	IP/SC/ID injection, topical application and oral gavage (Rabbits)	500	700
6	Checking Vitals & behaviour and informing users (within working hours/ day charges)	500	750
7	IV injection (Mouse)	500	1000
8	IV injection (Rat)	800	1200
9	Basic Surgeries-Mouse (Orthotopic Injections & minor surgeries)	1500	2000
10	Basic Surgeries-Rat (Orthotopic injections & minor surgeries)	2000	2500

11	Major Surgeries-Mouse / Rat (to be decided on user's requirement)		
12	Body weight measurement (Mouse/Rat/Rabbit)	100	150
13	Tail biopsy (under anaesthesia)	300	450
14	Toe clipping (Mice/ Rat)	1500	2250
15	Blood collection-Mouse (retro orbital)	300	450
16	Blood collection-Rat (retro orbital)	500	700
17	Blood Collection(Rabbit)	700	1000
18	Blood collection –Terminal -Mouse	500	750
19	Blood collection –Terminal (Rat)	750	1125
20	Blood Collection -Terminal (Rabbit)	1500	2000
21	Bone marrow collection (if collection media provided by users)	1400	2100

- **All surgeries, blood collections & major injections will be carried out under the effect of anaesthesia.**

Training:

(Animal Handling, Injection techniques, Oral gavage, Ear biopsy collection, Toe clipping, Tail biopsy, IV training, euthanasia, Other animal procedure like shaving, surgical site preparation, blood collection techniques, husbandry)		
Candidate Qualification : MSc, PhD, B.V.Sc., MBBS, M.Pharma (The Training fees does not include accommodation and includes working lunch)		
Category	External (Govt. Institutes/ Academic/Universities /Non profit making organisations/Start-up)	External (Non-Govt./Private/Pharmaceutical Industry/ Company)
Training for external users (hands on training) One day	3000	3000
Training for external users (3 days)	10000	15000
Instrument usage		
Haematological Analysis of Blood Samples	250/ sample	375/ sample
**Biochemical Analysis of Blood Samples	250/ Parameter	375/ Parameter
T & C		

Charges are interim and shall be revised periodically.

	Genotyping of Laboratory Mice		
		Total per sample (Rs)	
Sr No		Academic	Private
1	Genotyping of Laboratory Mice (Method: Standard PCR, by using optimized protocol of The Jackson Laboratory USA)	600 + GST	800 + GST

Note: For Transgenic and Knockout mice, user charges are ₹600/-(Plus GST) per sample for academic users and ₹800/-(Plus GST) per sample for private users.

The proposed user charges for Inbred mice are ₹600/-(Plus GST) per sample per marker for academic users and ₹800/-(Plus GST) per sample per marker for private users.
